Connecticut Nursing Services knows the importance of quality and affordable home care. Our dedicated team is ready to help you in finding the compassionate, reliable and qualified caregivers you deserve. From as little as 1 hour a day to 24 hours around the clock care, our caregivers are ready to assist you whether you are in an Assisted Living, Convalescent Home or in the privacy of your own home.

At *Connecticut Nursing Services* we believe customer satisfaction comes first. Our Registered Nurse will assess and discuss your individual needs, which will help formulate a personalized care plan, but more importantly it will help us find the perfect caregiver to optimize your care to its fullest potential.

Connecticut Nursing Services provide professional and compassionate Homemakers and Home Health Aides to the residents of Fairfield and Litchfield Counties and parts of New Haven County. Our Registered Nurse will supervise the aide we place in your home to ensure that the plan of care is followed and quality of care is maintained.
